

AGNES WATER & TOWN OF 1770

Eco Explorer

Our region's Eco Tourism Australia Certified tourism operators are leading the way in high-quality eco and sustainable tourism experiences. Immerse yourself in nature with Agnes Water and Town of 1770's eco certified tourism operators. Soak up the serenity of the secluded beaches and the pristine national parks on the famous pink amphibian vessel, the LARC. Snorkel the crystal-clear waters of the Southern Great Barrier Reef around Lady Musgrave Island with 1770 Reef Tours. Stay in bushland accommodation, only footsteps away from the coastal estuary, at Broadwater Haven

DAY 1

From Gladstone, drive South to the pristine coastal towns of Agnes Water and Town of 1770, located just 1 hour and 20 minutes from Gladstone. Time your arrival for either a full day Paradise Tour, or LARC & Lunch Tour on the famous, pink amphibious LARC, with 1770 LARC! Tours.

Either, spend the day exploring the stretch between the 1770 and Bustard Head with an informative and spooky Lighthouse tour, lunch and sand boarding; or spend the afternoon in Eurimbula, where lunch will be served with the opportunity to swim or take a stroll.

After your LARC Tour, make your way to Deepwater and check into the Eco Certified coastal accommodation, Broadwater Haven for a restful night before tomorrow adventures! Double check tomorrow's tour departure times as this varies due to tidal movements (can be as early as 5am or as late as 11am).

DAY 2

Today, let the amazing team at 1770reef take you on an unforgettable journey to Lady Musgrave Island.

If time permits, begin your day with a breakfast at Cody's Place, fuelling up for the adventures that lie ahead.

Guided by knowledgeable experts from 1770reef - Great Barrier Reef Eco Tours, the Lady Musgrave Island tour is not just a visual spectacle but an educational journey. The island is a haven for marine life and coral formations, which you'll be able to see up close on your snorkelling tour. Keep your eyes peeled for turtles, colourful reef fish, and perhaps a manta rays or gentle reef sharks. For those preferring a dry perspective, the tour includes captivating glass-bottom boat excursions. Exploration extends beyond the underwater realm. Take part in a guided nature walk to discover the island's unique flora and fauna. The tour includes a delicious lunch served onboard.
